COTSWOLD MOTOR SPORT GROUP

The Cotswold Motor Sport Group (known as the CMSG) exists to foster and promote motor sport in the Cotswolds. Twenty six clubs belong to the group, which is an MSA "Recognised Group" and is also affiliated to the AWMMC. **It is a condition of affiliation that a member club is also a member of the Association of West Midland Motor Clubs.**

Club delegates attendance at the monthly meetings not only provides useful information about many aspects of motor sport organisation but also gives delegates the opportunity to meet with people who have a wealth of knowledge in this field. Such contacts are often useful in solving problems and are generally of mutual benefit. **In an effort that the group might fulfil its purpose, it is expected that each member club will endeavour to send a delegate to a minimum of 3 meetings a year, including the Dates Meeting.**

CMSG together with the Cotswold Motor Sport Group Competitors Club (MSGCC) promotes four championships with support from **BP Motor Bodybuilders & Engineers** with whom we are pleased to be associated.

MSGCC organises several events with the clubman in mind. Membership of the MSGCC is open to any FULL MEMBER of a club which is affiliated to the CMSG. There is no charge for membership and application forms can be obtained from the Secretary, from championship points scorers, from our website or from affiliated club competition secretaries.

The annual club subscription due for the year commencing 1st January 2017 is £30 and a prompt response from club treasurers when the subscription invoices are sent out would be greatly appreciated as it is of assistance with the early updating of the yearbook details. All fees to be paid by the end of March - any club which has not paid by this time will risk their competitors losing points in any championships.

It is the responsibility of all award winners to return their trophies to the Club Secretary by 15th Dec of the year it was presented.

MSGCC Championships in association with BP Motor Bodybuilders & Engineers

The Championships are open to all members of the MSGCC and registration is dependant upon returning the registration form to the Membership Secretary or relevant championship points scorer together with any fee.

Championship points are awarded by the points scorer; a competitor is not required to claim points.

It is a requirement that sponsors' championship decals are displayed on the competing car. This rule may only be amended by the committee for certain championships.

Where there is a registration fee for a championship, it is intended that a bulletin showing current positions will be sent to each competitor after each round or posted on the website – www.cmsg.co.uk. Where there is no fee, bulletins will be displayed at the start of each round. Any queries regarding points etc should be directed to the championship points scorer with a copy to the Chairman

In an effort to keep sponsors informed of all events etc. it is expected that each event organiser does the following:-

- (a) Insert a sponsors advert in the regulations (unless a direct clash with a major event sponsor)
- (b) Supply them with 6 sets of regulations as soon as available to the address as in advert
- (c) Supply them with at least 1 set of final instructions, entry list, event passes and results as soon as available

It would be expected that event regulations are sent to each registered competitor (contact details available from the Championship Points Scorer) and sufficient copies sent to each CMSG Membership Club (as stated earlier in this Year Book). Please bear in mind the notes at the front of this Year Book relating to our sponsor. Clubs are expected to run at least the classes as defined in all rounds of the Championship. Date changes for any other reason will mean the event being dropped from the Championship. A full set of results along with the final entry list should be sent to our sponsor and the Championship Points Scorer, as soon as possible after the event.

MSGCC Road Sport Championship
in association with
BP MOTOR BODYBUILDERS & ENGINEERS

Definition: The MSGCC will promote a Road Sport Championship which takes place between 1st January and 31st December 2017. There will be a £5 registration fee for the championship. Points will only be awarded for events entered after registration.

Events: The championship consists of a series of 12-car rallies. The championship events are listed below. The number of events will not exceed 8. Should any of the events not run then the Points Scorer will endeavour to find a substitute. All events will be organised by MSG Competitors Club.

Organisers: The Points Scorer will provide a list of registered contenders and the event regulations must be distributed to all contenders, both Drivers & Navigators, at least three weeks before the event. Regulations must state the types of navigation and the types of controls to be used. Entries must be accepted in order of receipt. A full entry list and the results must be posted within 14 days of the event to the Points Scorer.

Competitors: MSGCC decals do not need to be displayed on the competing car.

Points: Points will be awarded to drivers and navigators as follows:

- 5 points for starting an event
- 15 points for the highest placed championship contender, 12 points for the 2nd highest placed championship contender, 10 points for the 3rd highest placed championship contender, 9 points for the 4th highest placed championship contender down to 1 point for 12th highest placed championship contender.

If the event organiser is unable to resolve a tie then both competitors will receive the same points. (e.g. in a tie for 2nd both contenders will receive 17 points).

Up to a maximum of two organisers per round may claim 20 points but for 1 round each person only.

Final positions will be decided by considering the best scoring events from half the number of rounds rounded up plus 1 (i.e 5 from 7, 4 from 6, 4 from 5, 3 from 4).

Ties at the end of the championship will be resolved by considering, in order: (a) highest number of maximum points, (b) highest dropped score, (c) highest overall position in any event, (d) next highest dropped score etc.

Current championship points will be notified to each competitor in regular bulletins.

Classes:	Expert	Has, as a navigator, won three MSG Championship events in the previous three years (since 1st January 2014) or finished in the top five of a navigational (plot & bash) National B road rally in the last three years or won the MSG Championship or won the novice championship twice since 2011.
	Novice	Not an expert

For each event it is the status of the navigator that determines the status of the crew.

Upgrading: A competitor will maintain the status declared on the registration form (duly authenticated) for the current season, notwithstanding upgrading which may take place due to event results. A driver who has navigators of different status through the season will score points only in the relative classes competed.

Awards: Any perpetual trophy will remain the property of the CMSG and will be returned to the points scorer or CMSG Officer on demand at the expense of the holder. Competitors are responsible for keeping these awards in a good and safe condition.

Awards will be made to both driver and navigator as follows:

CMSSGCC Autosolo Championship
in association with
BP MOTOR BODYBUILDERS & ENGINEERS

The CMSSGCC are pleased to announce the 2017 Autosolo Championship. The Championship will consist of a maximum of 12 rounds between the 1st January and the 31st December 2017. The Championship will be run strictly in accordance with true spirit of Autosolo; i.e. competing cars will be those that are used and driven on the public roads.

The regulations for the Championship are as follows:

Announcement. The CMSSGCC will be promoting an Autosolo Championship in 2017. The Championship will consist of a maximum of 12 rounds and each round of the championship will be run to **National B status**. Each round of the Championship will be organised by the individual clubs.

Venue. Only sealed surfaces will be permitted. The event should comply in principle with the MSA Regulations as laid out in the 2017 Blue Book under Section **M - M.2(a) and M.21 to M23 in particular**.

Championship. The championship will be class-based to allow consistent performance in any class an equal chance of winning the Championship overall.

Classes. The Championship will consist of the following classes:

- A. Series Production Cars - Saloons up to 1400 cc
- B. Series Production Cars - Saloons 1401 to 2000 cc
- C. Series Production Cars - Saloons over 2000 cc
- D. Series Production Sports Cars - inc. Lotus Elise and VX220.
- E. Specialist Production Cars ineligible for Classes A - D (Caterham, Westfield etc.)

All cars must be currently registered for road use (no trade plates) with insurance and MOT (where applicable) and driven to the event. Documents must be available for inspection at every event. Failure to comply will result in exclusion from the event.

Diesel cars, with or without forced induction, will run in the class corresponding to their engine capacity. A petrol engine with forced induction, in Class A or B will move up one capacity class.

Note: A rotary engine's capacity will be increased by a multiple of 1.5. The point scorer's decision on the most appropriate championship class for any car will be final.

Organisers. The Championship points scorer will provide a list of registered contenders at least 5 weeks prior to the date of each Championship event and the regulations must be distributed to all contenders at least four weeks before the event. A copy of the full entry list and official results must be sent to the points scorer no later 14 days after the event.

Should any event not be able to run on the published date, due to venue availability, any date change must be agreed with the Championship Points Scorer to ensure inclusion in the Championship. Date changes for any other reason will mean the event being dropped from the Championship.

Competitors, All championship contenders must have a valid MSA Competition Licence of Clubman status or above. For details on how to apply for a licence, visit www.msauk.org

Vehicle Eligibility*.

a) In all classes, cars must retain the original body profile above the hub centreline, apart from accessories such as spoilers. Cars not conforming to this requirement or one-off specials, kit cars of an 'off-road' nature, are not eligible for the Solo Championship. Suspension and transmission may be modified within their original configuration.

b) In classes A to D, cars must retain the original panel and window materials although additional panels such as wheel arch extensions are permitted. Cars in these classes must have full trim and seats, although trim maybe changed.

c) In classes A to D the engine must be of original manufacture and original basic type (eg: BMC 'A' series) and must be fitted in the original position. The engine may be modified and may be of a different capacity provided the car is entered in the class corresponding to its actual capacity.

Cars not meeting these requirements are eligible for Class E only.

Tyres*. 'Competitors - Permitted Tyres'. Tyres from the MSA **List 1B and 1C** will **NOT** be eligible for Autosolo events. Tyres marked 'for competition use only', manufactured without a full tread pattern, or in an un-roadworthy condition will not be acceptable.

*The Championship points scorer reserves the right to disallow cars to qualify for the Championship that do not comply with the spirit of Autosolo

Competitor/Marshal. It is a requirement of all event organisers to ensure that all competitors marshal on every championship event in which they compete.

Rounds to count. There will be a maximum of 12 events in the Championship with best 8 rounds to count. In the event of there being less than 12 rounds, the following formula for scores to count will be used:

11 Rounds or above	-	Best 8 scores to count
9 or 10 Rounds	-	Best 7 scores to count
8 Rounds	-	Best 6 scores to count
7 Rounds	-	Best 5 scores to count
6 Rounds or less	-	Best 4 scores to count

Scoring System. Points will be awarded for class performance only. Points will be based on performance in relation to other CMSGCC Championship contenders - **this is new for 2017.**

2 nd in Class	-	18 points;	5 th in Class	-	14 points
3 rd in Class	-	16 points;	6 th in Class	-	13 points
7 th to 18 th in class	-	12 points to 1 point.			

Note. Competitors may enter a different class on any event. Their scores will be recorded separately after each round entered but will be amalgamated at the end of the year for the final overall results.

Organiser Points. If a championship competitor organises a round of the Championship either as Clerk of Course or Secretary of Meeting, they will be awarded 18 points; equivalent to 2nd in Class. These points can only be scored once a year.

Ties. In the event of a tie in the overall championship placing, the overall award will be awarded to the competitor with the greatest number of event class wins in all events entered. If a tie still results, the greatest number of 2nd in Class, 3rd in Class etc. will decide the overall award.
